## PRODUCT APPROVAL INFORMATION

2020 FLORIDA BUILDING CODE 7<sup>th</sup> Edition  
2020 FLORIDA RESIDENTIAL CODE 7<sup>th</sup> Edition

Our Precast Concrete Lintel Product Approval information has been updated to show compliance with the requirements of the 2020 FRC and the 2020FBC. These lintels are APPROVED for use throughout Florida, except in the high wind velocity zones of Broward and Miami-Dade Counties. Detailed info is available on the Florida Building Code Information System website [www.floridabuilding.org](http://www.floridabuilding.org).

Scroll down and on the left side of the Homepage and click on Product Approval. When the next page appears scroll down the list of Manufacturers and click on a particular product manufacturers' name or type in the FBC Approval number for one of the manufacturer's listed below:

Commercial Concrete Products FL #1774-R.6, which is marketed under the name of Quality Precast and Pro-Crete Materials FL #23932-R.1, also marketed under the name of Quality Precast.
